## FOOD, BEVERAGE, and PAYMENT OPTIONS FOR SHAKERS PUB EVENTS:

We have a couple of menu options available for Shakers Pub parties. Shakers Pub parties have the option of having a limited menu. Our only stipulation is that it must be a menu mix, so for a dinner event you may choose - **one entree salad choice, one sandwich OR burger choice (sorry not both), and three to four entree choices** from our dinner menu; for a lunch event, you may choose up to six menu items from our lunch menu. And if your selections work for production in our kitchen, you may choose your items following our stipulations. The other option would be to allow your guests to order off the standard menu. The prices are all menu prices, so you would only pay for what your guests order - we do not, however, offer a one price per person option or buffet style service. We recommend you visit our website ([www.saltandpepperpub.com](http://www.saltandpepperpub.com)) to see what menu items would be available for your guests. Please keep in mind that our menu does change about 2-4 times per year so items are subject to change. And if you do decide to do a limited menu the charge is \$0.35 per menu and they are printed here, no exceptions. Finally, a 20% gratuity will also be added to your bill.

Also, you can decide on what sort of drinks you would like to offer your guests ~ using drink tickets (which we can happily customize for you - cost is \$0.25 for each guest/up to 2 tickets), offering full bar, offering specific wine/beer selections, or including non-alcoholic drinks with a cash bar.

Finally, we accept cash, check, S&P Gift Cards, or credit card for Shakers Pub events. We cannot, however, accept Dining Concept Certificates or West Coast Cash for payment.
